The products offered from the FRONTLINE are part of an ongoing project to create the best possible and highest detail parts and accessories for the 1/6th scale enthusiast. I do not encourage collecting for the sake of profit from collecting. I do encourage anything that advances the level of detail and diversity in the 1/6th scale. In that spirit I offer my products as cheaply as possible. In fact the proceeds from all sales go entirely back into the project to fund additional pieces. Also remember that you are buying from a fellow collector not just some dealer who doesn't appreciate your concerns. I listen. So if you have a comment, wish, concern, or gripe about any of the items please don't hesitate to e-mail me.
